

IN NORTH TOPEKA

Plans for a New Pump Are Making Some Headway.

Horticultural Society Holds a Meeting at Garfield Park.

The duplicate pump which will be installed soon at the foot of Fairchild street will be submerged if the recommendation that Commissioner Frank Newland will make to the city commission is acted upon favorably. Mr. Newland and several citizens from the North side went over the ground of the present station yesterday afternoon and the commissioner of water and lights is convinced that if the city is to get the greatest possible efficiency from an extra pump it should be put in below the water line.

The cost of the new pump and several improvements at the station will be in the neighborhood of \$5,000. An item for improvements at the station was included in Commissioner Porter's budget. There is a tendency at the City Hall, however, to shift the job to Mr. Newland. Mr. Porter is out of the city and until he returns no definite steps will be taken in the matter.

The County Horticultural Society met Thursday afternoon at Garfield park. The program included addresses by Mrs. John Otis and Tom Van Orsdal who called on the members of the society to enter display of fruits at the fair next month.

Resolutions were passed by the society and the individual members promised to do all in their power to make the State fair a success. An elaborate dinner was served at noon by the ladies of the organization.

New Club Organized.
A new club, the T. C. C., was organized Thursday afternoon at the home of Mrs. Roy Bailey, Fairview. Officers who will serve for the first term are: Mrs. Bailey, president; Mrs. Clayton Hummer, vice president; Mrs. Lee Wilson, secretary; and Mrs. G. H. Griffin, treasurer.

Waiting on Petitions.
The Grantville road which was practically wiped out by the recent heavy rains will not be in shape for use before at least five weeks. The county commissioners are waiting on petitions for the improvement of the road to be presented by farmers between North Topeka and Grantville. Thirty days must elapse before these can be acted upon. After this formality is completed, the work will be rushed at full speed.

The expense of putting the road in shape will not be heavy. At the point where the road crosses the railroad tracks, a mile and a half from North Topeka, the location must be changed. The greatest item of expense therefore will be for the purchase of land.

The poor condition of the highway has cut down travel between Grantville and North Topeka. Farmers making the trip are compelled to lengthen

la You So!

"Ah, Mutt—look-a here. The State Journal received scores of letters today in my behalf. Every friend of mine is writing in in answer to my plea for fair play. You see I have sympathizers in my declaration that in the past you have been swatting me on the bean Monday, Tuesday, Wednesday, Thursday and Friday and I never retaliate except on Saturday—and then only occasionally. "Every person writing to the State Journal asks that I be given a chance to swing on to you. They have asked "Bud" Fisher to grant me this privilege, beginning in Topeka exclusively in the State Journal August 10. "And Mutt, here is one letter—a type—just to prove to you that I have friends in Kansas. Read it.

Mr. Bud Fisher, Morganville, Kan., Aug. 1, 1915.
Topeka, Kansas.

Dear Mr. Fisher:
I have just received a letter from lil' Jeff. He seems to have a bad case of the blues just now. He begged me with tears in his eyes to plead with you to spare him of all the bumps and knocks and insults he has gotten in the past. If you could only arrange some way to help Jeff out of his troubles, it would relieve me of a whole lot of worry. I'll bet Jeff would appreciate it too.

It would be rather hard to let Jeff square accounts with Mutt. Jeff would have to beat up Mutt for about ten days without stopping to get even with him. You see, when you created Mutt and Jeff, you made Jeff so little and Mutt so tall that poor lil' Jeff can't hit Mutt once out of a hundred times. Maybe in the future you could let Jeff carry an extension ladder so he could climb up and give Mutt a poke on the bean occasionally. Or you might put a pair of springs on his shoe soles and let him jump up and crack Mutt on the nose or swat him in the face. Mutt certainly would be surprised. If you can only let Jeff soak Mutt good once in a while, Jeff and I will be very grateful to you for the favor.

I have known Mutt and Jeff for six or seven years, and I hope to know them for a long time to come. I am very much interested in their welfare, and I want to see lil' Jeff get fair play. I am waiting anxiously for August 10 to come, when I will see my old friends once more. Tell them hello for me and give them my best regards.

Ever most truly,
Morganville, Kan., Aug. 1, 1915. KENNETH DAVIS.
